About Me

I am a passionate IT enthusiast with a background in Technical Support. My placement year at Experian developed my understanding in this area, involving analysing machine data to detect and prevent issues. I found the work supporting Experian's bespoke technologies interesting and rewarding. This fostered my drive for learning new technologies and tools whilst providing me with a diverse foundation of professional and personal skills.

Skills

KEY AREAS

Data Tools Splunk: Searching, Alerts & Monitoring, Reports & Dashboards.
Sublime Text & Excel.

ITSM Incident investigation & root cause analysis.
ITIL Processes: Incidents, Cases, Problems & Changes.
Service-Now: Basic Reporting & Dashboards.

FUNDAMENTAL KNOWLEDGE

Server Linux, Docker, Docker-Compose, Graylog, Virtualisation(Hyper-V), SQL.
Microsoft Active Directory, Office 365.

Experience - Tech

Experian

Southport

TECHNICAL ANALYST PLACEMENT STUDENT

June. 2017 - Aug 2018

- Role: Working within the ID & Fraud Team, supporting Experian's identity as a service product using the ITIL framework.
 - Primary: Incidents & Problems. Diagnosing and mitigating issues using Splunk and MongoDB to analyse audit logs.
 - Secondary: Working with development team when Reviewing & Deploying Changes. Creating, Implementing & Improving alerting using Splunk.
 - Other Projects: Creating a team rota to ensure full coverage across multiple products, setting up Service-Now dashboards & reports to assist management.
- Skills gained: Incident investigation technique, Data analysis & Manipulation, Expectation & Time management, Sense of humour, Working effectively within a team, working within a defined standard and structure, Stakeholder Management and Technical problem solving under pressure.
- Outcomes:
 - Reduced incident backlog preventing a high number of incidents breaching SLAs.
 - Reduced number of team call-outs by implementing alerting for intermittent fault and writing documentation allowing the 24/7 support team to resolve incident without escalation.

Arden Lea Irrigation Ltd

Hesketh Bank
